

Operating System Fundamentals

Course Introduction

- Old guy in SET
- Graduated in 1982: Systems Design Engineering (UofW)
- Involved with College since 1982
- Lots of industry experience

Who is Norbert?

- Which OS do you currently use?
- Which Operating Systems have you used in the past?
- GUI or Command Line?

Who are you?

- How to reach faculty
- Schedules
- SET oriented news
- SET oriented resources

SET site

- Email is the best
 - nmika@conestogac.on.ca
 - eConestoga email is not the best choice
- No formal office hours
 - Set up an appointment

Communicating with Norbert

- Developer Software (including Windows)
 - [MSDNAA \(DreamSpark\)](#)
 - Program Related Resources on SET Program Page (College Site)
- Microsoft Office
 - [Free software site](#)
- NOTE: These are ACADEMIC Licenses

Software

- Uses the Desire2Learn LMS
- All course content is hosted here
- All assignment submissions are through the Dropbox in eConestoga
- Use the discussion board for issues related to the course that others might be interested in

eConestoga

(See eConestoga link)
